

Nest Cam Indoor

Plug-in-and-go security.
On your phone 24/7.

Meet the Nest Cam Indoor security camera.

Is everything OK at home? You can't always be around to see what's happening. With the Nest Cam Indoor security camera, you can look after home, even when you're out.*

Features

Quick, easy setup.

Plug in Nest Cam and download the Nest app to get started. No hub needed.

Alerts on your phone.

Get activity alerts so you know if anything happens while you're away.

Talk and listen.

See who's there and talk back to get someone's attention.

24/7 live video.

130° view shows your home in 1080p HD, day and night.

Clear as day. Even at night.

Night Vision evenly illuminates the whole room.

Don't miss a thing with a Nest Aware subscription.

Video history

See what happened with up to 30 days of video history and 24/7 continuous recording. Scan through your entire video history, not just clips. And watch key moments in the Nest app and even share video clips.

Intelligent alerts

Nest Aware algorithms can tell a person from a thing and can even recognize the sound of a person talking or a dog barking.

Activity Zones

Create Activity Zones around important areas, like cribs or windows, and get special alerts when motion or a person is detected there. Or if your Nest Cam detects a door, it can automatically create an Activity Zone for you.

Clips

Turn any part of your video history into a clip or timelapse you can share. Send police video of suspicious activity. Or share cute clips of your baby or pet with friends and family.

*Some features, including mobile notifications, remote control, video streaming and video recording, require working internet and Wi-Fi.
