

Binary™ USB 3.0 A-Male to A-Male Cable

Our USB 3.0 cables provide ten times the capability of USB 2.0. With the ability of providing transfer rates of up to 4.8Gbps, this cable is perfect for webcams, smart boards, 1080p cameras and much more. Plus, the aluminum foil and braided shielding ensures protection that will never compromise the SuperSpeed USB 3.0 compliant signal.

Need for Speed

USB 3.0 means speedy transfer rates up to 4.8 Gbps—strong support for the latest and greatest USB devices.

Strength of Shielded

The aluminum-shielding layer combines with a braided shielding so that signal quality isn't compromised by EMI.
