Binary™ 350 Series USB 2.0 Cat 5e/6 Extender Balun Kit - 330 ft

Extend a seamless signal between USB devices in commercial or residential environments using this Binary™ CAT5e/6 balun kit. Whether you've got a UC webcam or Xbox One, or need a balun to keep various USB accessories online, this kit will pair handily with any USB 2.0 devices.

Integrate More Devices

Run plenum rated cable up to 330 ft (100m) through conduit and in ceilings to extend a variety of USB peripherals using our balun kit. Patented USB 2.0 technology will keep keyboards, mice, interactive whiteboards, flash drives, hard drives, audio devices, web cameras and any other USB device seamlessly connected.

Designed for Gamers

Our professional-grade baluns were designed and tested using Sony Playstation 4, Xbox One, and related systems and accessories. Grab a USB hub and take advantage of remote placement of any consoles or controllers, so your gamers can keep living areas neat without sacrificing playing space.

Power Over Cable

With convenient Power Over Cable, you only need to power one balun. Simply plug in one side and your device is instantly supplied with the full 1A of juice it needs to get up and running.

ExtremeUSB® Feature Suite

When it comes to USB 2.0 technology, there's only one feature suite that does it without drivers or software: ExtremeUSB. Our balun kit includes ExtremeUSB® capabilities such as: transparent USB extension, plug and play connectivity, and compatibility with all major operating systems such as Windows®, iOS® and Linux®.

Software & Control Compatible

In addition to pairing with USB smart devices, this balun is also ideal for use in commercial jobs that use sensor/data acquisition software or installs that have extensive industrial control needs.

Created for Performance

Engineered utilizing the most premium components, this kit will deliver optimum performance for years to come. And integrated mounting tabs mean you can always put the baluns right where you need them.

SPECS	B-350-USB2-CATX
Connectors	Local Extender: USB-B Receptable, RJ45; Remote Extender: USB-A Receptable, RJ45
Transmission Distance	330 ft
Line Voltage	24V DC, 1A
Dimensions	3.35" x 1.10" x 2.25"
