

Smart Home Ready™

MM860^{V2} Pro

A U T O M A T E D

Drop-Down & Swivel TV Mount

The award-winning MantelMountPro MM860 has always been the most robust automated Smart Home Ready TV Mount solution – and now it's even better! The new MM860V2 features built-in Wi-Fi for those times when hardwired Ethernet is not available. Also, we've added enhanced post-installation leveling features that make it easier than ever to make adjustments to accommodate differences in weight distribution among various televisions. The MM860V2 automatically lowers and swivels a TV into the perfect position for the best picture quality and ultimate viewing experience. The MM860V2 is the ideal solution for upscale installations and is a superior home automation solution that works with all popular automation control systems.

FEATURES

- NEW! Built-In Wi-Fi!**
 Configure the mount and connect it to home automation when hardwired Ethernet is not available
- NEW! Post-Installation Leveling**
 Allows for easier position refinement for TVs and interactive displays after the mount is installed
- Automated Drop-Down and Motorized Swivel**
 Patented Multi-Axis hub, proprietary software, and precision actuators automatically lower and swivel the TV into position
- Works With or Without Home Automation**
 Works with the included remote or with Logitech, URC remotes as well as Control 4, Crestron, Elan, RTI, Savant, and URC
- Power Sensing Technology**
 Automatically lowers the TV to the favorite preset position when the TV is turned on and automatically retracts it to the stowed position when the TV is turned off
- Heat-Sensing Monitor**
 TV automatically retracts to its home position when an unsafe temperature is detected
- Soft & Hard Travel Stops**
 Vertical and horizontal travel limits configured through both software and hardware, provide a virtual safety shield that prevents the TV from touching the wall or mantel
- Recessible Housing**
 Conceals the lifting arm and electronics in the raised position. Can be recessed for flush-to-wall installations.
- Multiple Memory Presets**
 Easily program multiple preset positions for favorite viewing locations
- Power Loss Recovery**
 Keeps its last location in memory, eliminating the need for a reset after power interruption
- Plug & Play Networking**
 DHCP enabled right out of the box. Easily identifiable on the network
- On-Board Web Server**
 For simple, browser-based configuration of the mount even without it being connected to a network
- Horizontal Braces with Paintable Covers**
 For fast and easy retrofitting to existing stud bays – recessed or surface mounted

Paintable, powder-coated matte finish

Dual heavy-duty tubular steel lifting arms attached to lift housing

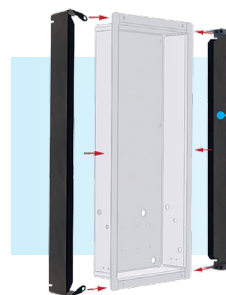

Multi-Axis Hub

25°

25° Swivel Each Direction

Cable Ties keep mounting environment organized

Built-In Sound Bar Adapter accommodates sound bars up to 40"

SK50 Surface Install Kit

Provides a more aesthetically pleasing appearance when surface-mounting an MM860V2 Pro TV Mount.

Home Automation Drivers for the MM860V2 Pro are available from:
