WATTBOX®

WattBox Uninterruptable Power Supply

Don't take a chance on losing your expensive equipment or hours of hard work during a power outage. The WattBox Uninterruptable Power Supply lineup will ensure your valuable files aren't lost and your equipment isn't damaged in a brief outage, brownout, power spike, or surge.

SAFEGUARD YOUR DATA

Get invaluable peace of mind with a WattBox UPS. Our UPS models keep you from losing hours of work or incurring costly equipment damage during a power outage. In case of a prolonged outage, a WattBox UPS gives you a stress-free window of time to connect to a standby power source.

BUILT FOR BACKUP

Innovative safe voltage technology protects your gear by automatically disconnecting it during unsafe conditions, while ceramic-encased materials provide critical surge protection.

24/7 SUPPORT*

With our remote management system, your integrator can monitor the health of your equipment and perform reboots and firmware updates without having to schedule a service call. We also include a free app that lets you restart the device or fix small issues on your own.
