Assure Lock®
Features and Specifications

Tamper-Proof Model
The Assure Lock SL is 100% key free so it can't be picked and there are no keys to lose.

Quiet Deadbolt
Quiet motor with tapered deadbolt that accommodates for misaligned doors

Simple Installation
Replaces existing deadbolt with just a screwdriver. Fits on standard doors.

Backlit Keypad
Keypad wakes with a touch and has numbers that won't wear off.

Battery Back-Up
Never lose power, key free models can be energized with a 9V battery.

Optional Settings
Customize auto re-lock, privacy mode and tamper alarms within the lock settings.

Voice Assistance
Touchscreen models guide you through the menu in 3 languages.

Locks Automatically
Enable Auto Relock to ensure your door is always locked.

Share Access
Manage entry codes or virtual keys (with a smart home system) for people you trust.

Works with Your Smart Home*

Upgrade any Assure Lock to integrate seamlessly with your smart home or alarm system. Just plug a Yale Smart Module into the slot above the lock's battery compartment. Modules can be sold separately or included with the lock.

- Monitor, lock and unlock from anywhere
- View access history of who's entered your home
- Receive notifications on your smartphone
- Set schedules for your lock
- Create entry codes for friends and family from your smartphone
- Check to see if your door is locked, from anywhere

* Features may vary with integration system.

- Works with voice activated solutions like Amazon Alexa (some modules require compatible hub for voice integration.)

Connected by August

- Unlocks automatically as you approach via Bluetooth
- Includes Wi-Fi bridge for access anywhere
- Control and monitor with August app
- Works with Google Assistant, Amazon Alexa and Siri

Available Smart Modules

Z-WAVE PLUS · zigbee · connected by august

Control4 · CRESTRON®

Available through Control4 or Crestron and certified dealers.
