

FIRST ALERT®

CX4 Video Cameras

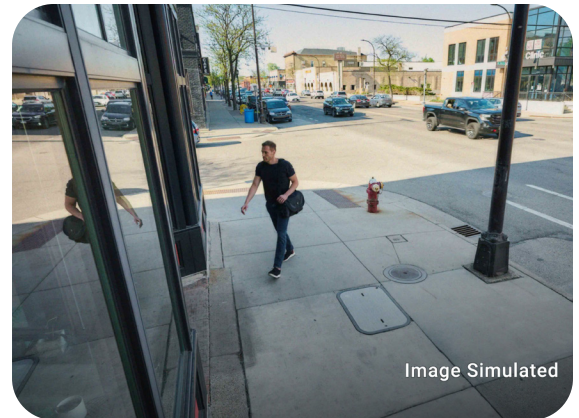

Built for Flexibility. Designed for Integration.

The First Alert® CX4 Video Cameras are designed to deliver smarter surveillance with sharper insights. Equipped with an 8MP ultra high resolution sensor and advanced event detection, the cameras reduce false alarms so your customers can focus on what matters most.

Whether you're securing a business, home, or specialized facility, there is a CX4 Camera to match your customer's needs. Choose from bullet, turret, or dome cameras each designed for specialized coverage. Build custom surveillance solutions to get the right camera, in the right place.

AlarmNet® 360 and Total Connect 2.0® web and apps simplify camera deployments and maintenance; while ProSeries AIO and VISTA® H3 integration brings additional value to every install.

Empower your customers with convenient, scalable video storage plans; while unlocking new ways to deliver long-term value.

CX4 Video Cameras

Sharper footage, smarter security

- Ultra-high resolution 8MP sensor captures minute details like license plate numbers and faces with crystal clear clarity
- Advanced event-based notifications that distinguish between people, animal, vehicle and packages to ensure your customer is in the know
- Keep footage secure with continuous and event-based recording; stored on-edge or in the cloud to guard against loss or damage
- Total Connect 2.0 web and app experience deliver instant access to live and recorded video with event filtering and timeline scrubbing

Streamline installs, unlock growth

- Power over Ethernet or 12VDC options ensure reliable, flexible, and simplified installation
- ProSeries and VISTA® H3 security panels integration brings an additional opportunity to increase sales at every installation
- Integration with the AlarmNet®360 and Total Connect 2.0® apps allow for easy deployment, maintenance and troubleshooting from anytime, anywhere
- Subscription-based scalable video storage plans give you an opportunity to deepen your RMR stream

Features and Benefits

High Resolution 8MP camera with Wide Dynamic Range

Provides crystal clear, vibrant and detailed footage for live and recorded video

Intelligent Event Detection

Detects people, packages, vehicles and animals reducing unnecessary notifications and interruptions

Edge-Based Recording

Record 24/7 at the edge with storage of up to 1TB on-camera via a MicroSDXC card*

Cloud-Based Event Storage

Video and audio event clips stored in the cloud ensuring secure storage even if the cameras are damaged

IR Night Vision

Wide angle views and IR night vision for complete awareness

Supports Unified Security Solutions

Unify video and intrusion in the Total Connect 2.0® app with ProSeries AIO or VISTA® H3 panels, supported by flexible video storage plans

Dual Power Options

Power over Ethernet and 12VDC power options ensure reliable, flexible and simplified installation

Video Event Filtering and Timeline Scrubber

Event-based filtering directs you to the specific video clip and the timeline scrubber lets you jump to a key moment in recorded video

CX4B AI Bullet Camera

CX4T AI Turret Camera

CX4D AI Dome Camera

Extreme Temperature Resilience

Operates in temperatures ranging from [-22°F to 140°F] or [-30°C to 60°C] ensuring reliable performance in any climate

NDAA Compliant

Compliant with NDAA Section 889 – backed by trusted components, while system data is securely stored

Resideo Total Connect® 2.0 App for Customers

Enhanced Total Connect® 2.0 experience allows for unified control of the property with video and intrusion within one app

AlarmNet® 360™ App for Dealers

Enables anytime, anywhere programming, troubleshooting, account creation, management and more via your web browser and Apple® and Android™ device

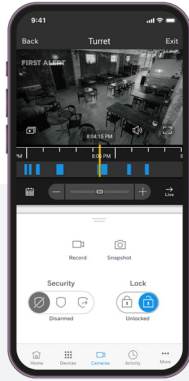

**MicroSDXC card not included*

CX4 Video Camera Storage Plans
