HAMMER-ON J HOOK
3/4" OR 2"

ADI PRO

ADI PRO's durable, galvanized steel J hooks are both UL and cUL certified. These J hooks are ideal for organizing or extending cable runs in either a wall mount or ceiling mount application. Thanks to the attached hammer-on flange, these J hooks can also be mounted directly to a beam, saving time and eliminating the need for beam clamps.

FEATURES

- **Supports Cat 5e/6/6A/7, fiber, coaxial cable and conduit**
- **Easy hammer-on installation**
- **Smooth, beveled edge provides proper cable bend radius**
- **Complies with EIA/TIA requirements for structured cabling systems**
- **Galvanized steel construction for strength and longevity**
- **Safe to use in plenum spaces**
- **UL and cUL listed**
- **Limited Lifetime Warranty**

Product Specifications

PART #	Size
0E-JHKHO3425	3/4"
0E-JHKHO225	2"

Flange: 1/8"–1/4"

Static Load Capacity: 60 lbs.

Material: Galvanized steel w/ zinc chromate coating

Package Quantity: 25

COMPATIBLE HARDWARE

Retention Clips (25-pk)	Size
0E-CLIP34	3/4"
0E-CLIP2	2"

c UL us LISTED

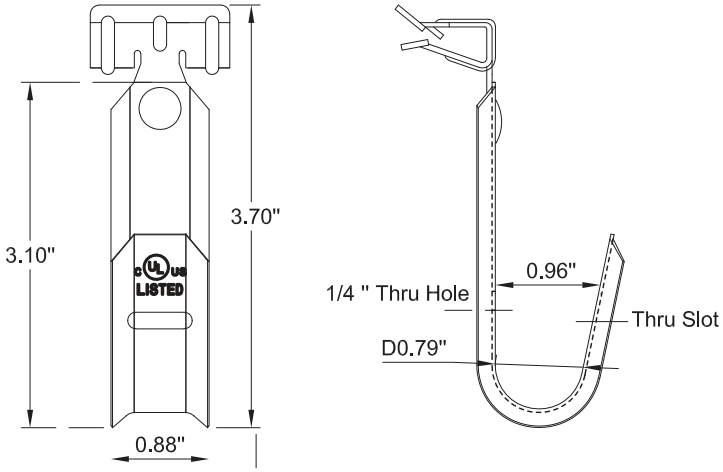

RoHS COMPLIANT
