J HOOK W/ BATWING
3/4", 1-5/16" OR 2"

ADI PRO's durable, galvanized steel J hooks are both UL and cUL certified. These J hooks are ideal for organizing or extending cable runs in either a wall mount or ceiling mount application. Thanks to the attached batwing clip, these J hooks can also be clipped to ceiling grid wire and pencil rods.

FEATURES

- Supports Cat 5e/6/6A/7, fiber, coaxial cable and conduit
- Easily attaches to ceiling wire or threaded rod
- Smooth, beveled edge provides proper cable bend radius
- Complies with EIA/TIA requirements for structured cabling systems
- Galvanized steel construction for strength and longevity
- Safe to use in plenum spaces
- UL and cUL listed
- Limited Lifetime Warranty

COMPATIBLE HARDWARE

Retention Clips (25-pk)	Size
0E-CLIP34	3/4"
0E-CLIP1516	1-5/16"
0E-CLIP2	2"

Product Specifications

PART #	Size
0E-JHW3425	3/4"
0E-JHW151625*	1-5/16"
0E-JHW225*	2"

Application: #12 GA wire or 1/4"-20 threaded rod

Static Load Capacity: 30 lbs.

Material: Galvanized steel w/ zinc chromate coating

Package Quantity: 25

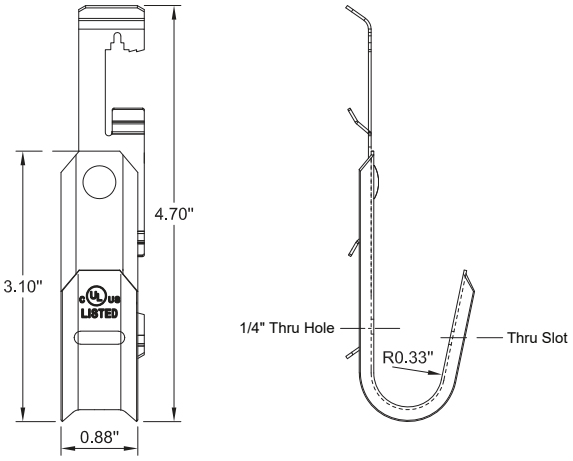

*Available in US/PR only
