

Summary

Combining the best features of a traditional wall mount bracket and a junction box, this accessory bracket allows for the secure installation of a Luma X20 12MP Fisheye camera on internal and external walls at a 25° angle, providing better viewing coverage while protecting the camera and internal cabling from weathering elements such as rain, debris, and snow. The junction box offers ample space to conceal connections, is easy to install, and comes in a white finish for a perfect color match with the camera. It is compatible only with the Luma X20 12MP Fisheye camera (LUM-1220-IP-FE-W).

Specifications

Product	LUM-A20-JB25-FE-W
Operating Temperature	-40°F - 140°F (-40°C - 60°C)
Operating Humidity	10%~90%
Dimensions (W x H x D)	Φ 5.11" x 3.05" (Φ 130mm x 77.5mm)
Weight	0.75 lbs (0.34 Kg)
Material	Aluminum alloy
Color	White

Dimensions

Unit: mm
