

# Triad OnWall Slim Passive Subwoofers

TS-OW-PASSLIM8-4, TS-OW-PASSLIM8-8, TS-OW-PASSLIM10-4,  
TS-OW-PASSLIM10-8, TS-OW-PASSLIM12-4, TS-OW-PASSLIM12-8

Deliver deep, resonant bass while saving space with Triad Slim Subwoofers. Featuring a slim design profile, these subwoofers deliver robust, controlled low frequencies to enhance any media experience while seamlessly fitting into tight spaces.

## Custom Built

Built with custom-designed in-house drivers and sealed, braced enclosures, these subs ensure a high output with minimal distortion for crisp, immersive audio. Each unit is handcrafted to deliver premium sound quality and comes in six stylish pre-selected color options or custom color-matched to complement any decor.

## High-Output Aluminum Cone Driver

Triad Slim Subwoofer's aluminum cone offers superior rigidity for reduced distortion and more accurate bass. Its lightweight design offers a faster response and improved transient performance, as well as excellent heat dissipation to prevent overheating. Additionally, its durability makes it resistant to environmental factors like moisture and temperature changes, ensuring long-lasting, and consistent performance.

## EZ Mount Installation

With vertical or horizontal orientation flexibility, the included EZ Mount brackets make straight-on mounting simple and safe.

TS-IR-PASSLIM10-8, TS-IR-PASSLIM12-4, TS-IR-PASSLIM12-8

Deliver deep, resonant bass while saving space with Triad Slim Subwoofers. Featuring a slim design profile, these subwoofers deliver robust, controlled low frequencies to enhance any media experience while seamlessly fitting into tight spaces.

## Custom Built

Built with custom-designed in-house drivers and sealed, braced enclosures, these subs ensure a high output with minimal distortion for crisp, immersive audio. Each unit is handcrafted to deliver premium sound quality and comes in six stylish pre-selected color options or custom color-matched to complement any decor.

## High-Output Aluminum Cone Driver

Triad Slim Subwoofer's aluminum cone offers superior rigidity for reduced distortion and more accurate bass. Its lightweight design offers a faster response and improved transient performance, as well as excellent heat dissipation to prevent overheating. Additionally, its durability makes it resistant to environmental factors like moisture and temperature changes, ensuring long-lasting, and consistent performance.

## Sturdy Kickstand Mount

The rear kickstand mount is discreetly hidden from the front of the subwoofer yet provides stability to ensure the shallow subwoofer remains upright and secure, even during high-volume playback.
