

# Control Sound Like Never Before

## Acoustic Panels

### Panel Build Quality

- Episode panels are made with solid pine, studio-quality polyfoam filler, and an acoustically transparent backing.
- Each acoustic panel thread is first dyed, then woven into the panel you receive. The competition weaves the panels and then dyes the fabric. Our way guarantees the color in case you need to replace a panel post-install.
- An innovative mounting solution allows you to simply snap these panels into place – saving you time and allowing you to create unique designs.
- Lifetime Limited Warranty

## NRC Rating Chart: Highest Performing Competitor vs. Episode

FREQUENCY	COMPETITION STATS	EPISODE
[Hz]	$a_s$	$a_s$
100	0.15	<b>.007</b>
125	0.22	<b>0.06</b>
