

The **CONNECTSERIES** is a 1U X 19" rack mountable smart amplifier for use in professional AV integration projects.

It is made to mount directly into a standard AV rack, right out of the box. Additionally, you can rotate the rack ears 90 degrees either direction to mount the amplifier to walls, tables, and other surfaces.

Ensure your AC power source delivers 100-240VAC +/- 15% 50/60Hz before installing.

For full product details and specs, download the manual at the URL below or scan the QR code.

## External I/O Port

### Fault Status

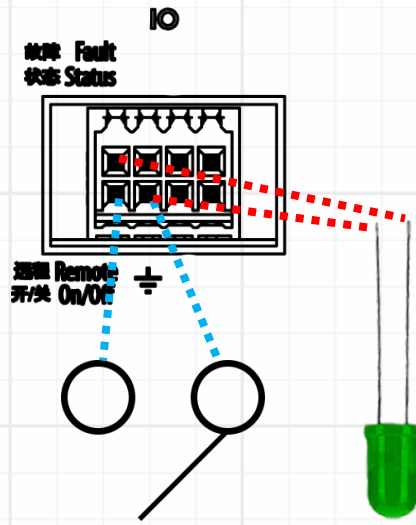

Analog connection for quick amp fault status. Delivers 5V signal.

5V ON = no faults  
5V OFF = fault present

### Remote ON/OFF

This is wired directly to a switch or external contact closure for quick ON/OFF control of the amplifier.

OPEN = amp on  
CLOSED = amp off

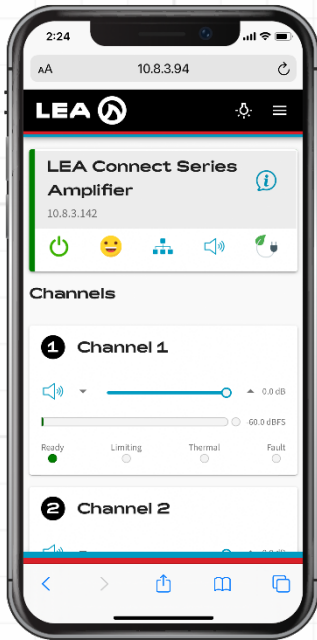

## Smart Power Bridge

Smart Power Bridge gives you the benefits of a bridged output channel without sacrificing an amp channel.

You can Smart Power Bridge any one channel of an LEA Connect Series amplifier. For example, on a Connect Series 4 channel product, you can put channel 1 in Smart Power Bridge mode and get double the power output on that channel, channel 2 in 70V or 100V mode and have channel 3 and 4 in Low-Z mode.

## Connecting to the Network

There are three ways to choose from when connecting to a network. Scan the QR code for a detailed video walkthrough.

### Access Point Mode

1. Press Wi-Fi button on back of amp
2. The amp creates its own Access Point (LED above button turns blue) – find and connect to it on your device (Phone, tablet, PC)
3. Enter the amp's IP address into any web browser on your device (Phone, tablet, PC)

### Wired Mode (Ethernet)

1. Connect to the wired network using Cat5 or Cat 6
2. Connect your device (Phone, tablet, PC) to the same network
3. Enter the amp's IP address into any web browser on your device (Phone, tablet, PC)

### Wi-Fi Mode

1. Follow the steps in the AP or Wired instruction to the left
2. In "Network Settings", check the "Wi-Fi Enabled" box
3. Enter your Wi-Fi SSID & Password & click "Save"
4. From Wired mode, no action needed. From AP mode, press Wi-Fi button on back of amp
5. Connect your device to the same network, enter the amp's IP address in the web browser

## Connecting to the Cloud

1. For remote control, visit: [www.leaprofessional.cloud](http://www.leaprofessional.cloud)
2. Select "Register New Account" to create a Username & Password
3. Follow the prompts to log in to your Cloud Account
4. For more details, scan the QR code

## Accessories

**RCAF-2**  
Female RCA to Amphenol Anytek 3-pin Connector  
Qty 2 per order

**XLRF**  
Female XLR to Amphenol Anytek 3-pin Connector  
Qty 1 per order

### Accessories Spec

**Rear Rack Support Bracket**  
80/160/350/700W Model LEA Part# - MFM10003-1  
1500W Model LEA Part# - MFM10019-1  
Qty 2 per order + rack screws
