

EP-400-UPS-8HTR-1000

DESCRIPTION

The Episode®EP-400-UPS-8HTR-1000 with surge/lightning protection is packed with features to protect everything from a simple home theater to a complex whole-home system. This commercial rack-mount UPS product also features essentials for audio, video, and whole-house system integration installation; a pure sine wave waveform, and full automatic voltage regulation (AVR) to prevent costly interruptions, and boasts handling of 1000 VAC and 700 watts.

Protect Equipment Against Voltage Fluctuations with AVR

Automatic voltage regulation prevents any voltage drops below 112 volts and will prevent any spikes or surges above 128 volts. Features Boost/Buck Topology which increases voltage drops and decreases voltages peaks without needing to utilize the battery mode, extending battery life.

GEMtech Technology

Features Episode’s stringent product design criteria that focuses on energy savings through active energy management circuitry.

Power Panel™ Software

Provides control and monitoring of the unit to fully protect any computer systems, components and data. In case of a power loss, PowerPanel™ automatically saves files and safely shuts down connected equipment. Compatible with Windows, Mac and Linux OS. Optional Management Network Card allows remote monitoring.

Guaranteed Lightning & Surge Protection

Connected equipment guarantee up to \$150,000 of properly connected equipment resulting in damage by a surge, including surges due to lightning strikes.

SPECIFICATIONS

Product Dimensions:	17.25" x 15.75" x 3.5" (LxWxH)
Rack Size:	2U
Weight:	52 lbs.
Color:	Black
Cable Length (Ft):	10
AC Input Plug Type:	Nema 5-15P
Automatic Voltage Regulation:	Yes
Display:	Multifunction LCD
Amperage:	15
Output VAC:	1000
Output Watts:	700
UPS Topology:	Line-Interactive
Energy Saving Technology:	Yes - Meets SnapAV GEMtech Criteria
Operating Temperature:	32°F to 95°F 0°C to 40°C
Operating Humidity:	0%~95% non condensing
Storage Temperature:	5°F to 113°F 15°C to 45°C

Lifetime Limited Warranty

This Episode® product has a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).

2-Year Limited Battery Warranty

Batteries will be free of defects in design, material, or workmanship. SnapAV will replace any defective battery.
