

DESCRIPTION

The Episode® EP-400-UPS-8PS-600 is everything you need for surge protection, from the simplest of home theaters to complex whole-home systems. This commercial-grade UPS has all essentials for audio, video, and whole house system integration installation, featuring with automatic voltage regulation (AVR), extended battery life and convenient AC outlets that can handle 600 VAC and 340 Watts.

EP-400-UPS-8PS-600

SPECIFICATIONS

| | |
|----------------------------------|-------------------------------------|
| Product Dimensions: | 8.2" x 7.6" x 3.7" (LxWxH) |
| Weight: | 12 lbs. |
| Color: | Charcoal |
| Cable Length (Ft): | 6 |
| Keyhole Mounting Slots: | Yes |
| Operating Temperature: | 32°F to 95°F (0°C to 40°C) |
| Operating Humidity: | 0%-90% non condensing |
| Output VAC: | 2170 |
| Output Watts: | 1600 |
| UPS Topology: | Line-Interactive |
| Energy Saving Technology: | Yes - Meets SnapAV GEMtech Criteria |
| Operating Temperature: | 32°F to 95°F 0°C to 40°C |
| Operating Humidity: | 0%~90% non condensing |
| Storage Temperature: | 5°F to 113°F (-15°C to 45°C) |

AVR

Automatic Voltage Regulation

1030

Joules

Protect Equipment Against Voltage Fluctuations with AVR

Keep equipment operating safely with automatic voltage regulation. This unit will automatically provide battery back-up power if the line voltage drops below 90 volts and will decrease output voltage if the line voltage exceeds 140 volts.

GEMtech Technology

Features Episode's stringent product design criteria that focuses on energy savings through active energy management circuitry.

LCD Display

Easy to read LCD screen shows input and output voltage levels, battery capacity, estimated run time and load level, with readings for ON/OFF mode, overload and fault condition, and Silent mode.

Power Panel™ Software

In case of a power loss, PowerPanel™ automatically saves files and safely shuts down connected equipment. Compatible with Windows, Mac and Linux OS.

5-Year Limited Warranty

This Episode® product has a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
