

On-Wall Skeleton and Patch Panel Racks

These racks offer unmatched flexibility in getting equipment off the floor and out of the way. With adjustable sizing, swing-out hinges for rear equipment access, and up to 200lbs of equipment storage, these racks are perfect for any job.

Vertical Wall-Mount Patch Panel Rack

These racks are excellent for mounting switches and UPSs. Plus, they hold up to 200lbs of gear and have a powder-coated steel frame and strong welds for enhanced durability.

Horizontal Wall–Mount Adjustable–Depth Patch Panel Rack

These racks hold up to 35lbs of gear and support up to 48-port patch panels. Plus, they have hinged sides for rear equipment access and wire management cutouts including one for the 8" VersaBox!

Wall-Mount Expandable Open-Frame Skeleton Rack

These racks store up to 150 pounds of equipment, feature a powder-coated steel frame with strong welds, and offer convenient integrated wire management to help create a clean install.
