

## **Become a URC Total Control Installer**

Thanks for your interest in URC Total Control. Please note that registration and training are required to sell and install URC Total Control products. Please refer to the below steps and/or call SnapAV with any questions.

1.866.424.4489

### **Step 1**

Complete the three-page [URC Total Control Application](#).

### **Step 2**

Complete the URC Total Control online training at [URC University](#) or at one of the live training sessions across the US. See the [URC University Training Calendar](#) for more information.

### **Step 3**

Once you have completed the URC Total Control application and required training, please contact a SnapAV customer service representative to submit your application. 1.866.424.4489

After your application is approved by both SnapAV and URC, you will have access to URC Total Control products through [snapav.com](#) or over the phone with SnapAV customer service.

Thanks and happy installing!
