<b>Mounting Depth:</b>	<b>4.1 in.</b>
<b>Weight:</b>	<b>3.2 lbs each</b>

**Designed to Perform**

Combines the low frequency responsiveness of an injection-molded polypropylene woofer with an adjustable fabric dome tweeter to deliver a smooth, natural high-frequency performance.

**Engineered for Precision**

Outstanding driver voicing and a specifically engineered 2nd order cross-over network ensure precise, responsive performance and separated the ES-300 from the pack.

**Built for Sound**

Solid construction eliminates common issues in architectural designs such as resonance that reduces sound fidelity; Episode’s build quality results in accurate, detailed sound without the distortion.

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
