| Crossover Frequency: | 3.3 kHz |
| Sensitivity 2.83 V / 1 Meter: | 86 |
| Adjustments: | Tweeter +0db/- 3db |
| Weight: | 3.8 lbs |
| Mounting Depth: | 3.2" |
| Finished Dimensions: | 13.7" W x 6.3" H x 3.4" D |

Designed to Perform

Top-notch components like a polypropylene woofer with Nomex spider, high temperature voice coil, and 1-in. fabric dome tweeter produce a clear, detailed sound and smooth, high-frequency response.

Engineered for Precision

Specifically engineered for precise and responsive performance, this speaker is perfect for in-wall surround LCR applications, and areas where side and rear surround speakers are required.

Customized for Performance

No two rooms are alike. This speaker compensates for their differences in sound absorption, and is built specifically to reduce resonance and produce detailed sound without any distortion.

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
