Designed to Perform

Unpressed NCS (Natural Cell Structure) material with Kevlar™ provides strong and well-damped acoustics, while a titanium catenary dome delivers a wider, more engaging soundstage than traditional dome tweeters.

Built for Sound

An angled woofer fully covers the entire listening area, complete with sound-dampening foam baffle to reduce reflection, resulting in clearer, more natural sound.

Customized for Performance

Includes woofer and tweeter compensation switches for variable room environments, allowing these high-performance speakers to deliver every time.

Lifetime Limited Warranty

All Episode Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. This warranty shall not apply to products which have been abused, modified or disassembled. Products to be repaired under this warranty must be returned to SnapAV or a designated service center with prior notification and an assigned return authorization number (RA).
