

KIT-ECS-650-ICSUB-8

### Real Performance for the Real World

Get premium sound quality and performance in a discreet form factor with the 650 Commercial Series In-Ceiling Subwoofer. Installed directly into the ceiling, it provides exceptional sound clarity and depth – and won't take up any unnecessary space.

### Built for Sound

Equipped with top-of-the-line components, this subwoofer provides deep, thumping bass and detailed sound to help music and movies sound their best.

### Engineered for Strength

A high-temperature, UV-stabilized baffle stands the test of time – and looks great doing it. The grille has extra reinforcement too, so it won't fall out no matter how much bass is playing.

### Designed for Decor

Big sound is great – but large subwoofers cluttering up a space isn't. That's why this one is designed to provide exceptional sound that stays in the ceiling and out of the way.
