

## LANDSCAPE *SERIES*

YOUR SOUNDTRACK FOR THE OUTDOORS

A complete sound system that brings music to life, the Episode® Landscape Series is the perfect addition to any outdoor space. Attractive speakers blend seamlessly into the environment, providing maximum performance and minimum visual interference, while an Episode® powered by Crown® amplifier and burial subwoofer add some serious power. Whether you're playing soft background tunes or rocking out for a party, this professional grade system will have you smiling the whole time you're listening.

« BACKGROUND MUSIC

For smaller yards that are looking for background music, the Episode 4" or 6" models can be placed in optimal listening areas throughout the landscape to offer superior sound exactly where it's needed.

ROCK THE BACKYARD »

For larger systems geared towards a full-musical experience, adding additional speakers powered by the optional underground burial subwoofer is the ideal system for bringing premium sound throughout the entire landscape, perfect for backyards that are designed to entertain.
