

IP PTZ Crestron Module Release Notes

30 Aug 18

The purpose of these release notes are to provide detailed information regarding fixes, enhancements, and known issues related to the Luma IP PTZ Camera Control System modules.

What It Is

These are the Crestron modules for Luma IP PTZ cameras.

Important Note

Please ensure the sub stream on your control system is set to 6 frames per second or higher. Some control systems treat a stream with lower frame rates as if it were an image.

Where to Find It

These are available on the Luma product pages under the Support tab.

Features Added

Added support for IP PTZ camera preset recall.

Known Limitations

Control system driver does not use the generic Luma CGI commands.
