IN-ROOM, IN-WALL, IN-CEILING, IN-CORNER

BRONZE SATELLITE

IN-ROOM, IN-WALL, IN-CEILING, IN-CORNER

The Triad Bronze Satellite is designed as a front channel speaker in small surround sound systems, but is equally suited in side- or rear-channel applications. These speakers also serve as effective height channels in Dolby Atmos home theaters or sources of high-fidelity music around the house. Triad makes four versions of the Bronze Sat, each meticulously engineered to deliver fantastic sound while allowing subtle, easy placement. In applications where speakers must mount in the ceiling, the in-ceiling model's unique angled baffle delivers exceptional audio directly to the listener.

In an industry of generic, mass-produced products, Triad combines craftsmanship and customization in every order. Handcrafted in the US using the finest materials and components, Triad's fully engineered, sealed, and internally braced MDF enclosures deliver intricate acoustics and effortless playback, actualizing the artist's intent. Use as a capable, standalone pair of speakers, or create a full-range surround sound experience by pairing with Triad LCRs and subs.

With deliberate construction and high-end technology, these small speakers deliver large sound, life-like quality, and powerful acoustic impact.

FEATURES

- Compact design
- Fully engineered, premium MDF enclosure
- Acoustic suspension, two-way design
- Custom paint matching
- Braced enclosure keeps sound from bleeding into adjacent rooms

IN-ROOM

- Cloth grill
- Veneer finishes available
- 3/8" - 16 threaded insert on bottom and back of box

IN-WALL, IN-CEILING

- AcoustiPerf metal grill

IN-CORNER

- Curved AcoustiPerf metal grill
- Corner mounting

BRONZE SATELLITE IN-ROOM, IN-WALL, IN-CEILING, IN-CORNER
