## IP CAMERA MOUNTS

Turret & Dome • Bullet

### IP camera mounts

Pakedge IP camera mounts are designed specifically for Pakedge bullet, dome, and turret cameras and can provide a great solution for various installation challenges. These rugged aluminum mounts provide a solid mounting surface, a watertight compartment to protect terminations and hide wires, and can be installed using conduit and on flat surfaces.

- Specifically designed for Pakedge bullet, dome and turret cameras
- Durable, watertight, aluminum enclosures
- Versatile cable management openings allow you to route wires out the side or back of the mount
- White color matched to cameras
